The above referenced guardian is seeking to receive massage services for their animal with Sophie's Touch Canine Therapeutic Massage (a service of Best Buddy Dog Wash) for one or more of the following:

- Traditional Swedish Massage** - to help with physical and psychological well-being including, but not limited to relieving tension of sore muscles, improved proprioception, range of motion and aid in early detection of sensitive painful areas.
- Circulatory Massage** - purposefully influences the arterial and/or venous blood flow.
- Manual Lymphatic Drainage** - purposefully influences the movement of lymph.

The guardian has released Sophie's Touch Canine Therapeutic Massage to seek guidance from their animal's veterinarian. Please indicate 'Yes' or 'No' below and provide any pertinent comments regarding treatment.

- No. Massage is not advised at this time for this animal.
- Yes! This animal may receive massage.
